

# ROOTED IN HEALTH

BRAIN | BODY | FAMILY | COMMUNITY

Pinnacle Partnerships partners with families, communities, schools, organizations, and government agencies to cultivate and sustain wellbeing infrastructure.

---

**Annual Report  
2022**

## Message from the Cofounders/ Board

**Pinnacle Partnerships partners with families,** communities, schools, organizations, and government agencies to cultivate and sustain well-being infrastructure. We drive positive social and emotional change to enhance brain, body, family, and community health. We do this by combining the power of research, lived experience, and

evidence-based clinical practice to design and deliver innovative well-being programs that change behaviors, increase access to services, and improve lives.

A tremendous thank you to our Funders, Donors, Board of Directors and Advisors, and Community Partners for your continued support honesty, and involvement!

**Kristi Glenn**  
Founding Partner,  
Chief Experience Officer

**Dahyana Schlosser**  
Founding Partner,  
Chief Clinical Officer

## Introduction

**Pinnacle Partnerships partners with families,** communities, schools, organizations, and government agencies to cultivate and sustain wellbeing infrastructure. We drive positive social and emotional change to enhance brain, body, family, and community health. We do this by combining the power of research, lived experience, and evidence based clinical practice to design and deliver innovative wellbeing programs that change behaviors, increase access to services, and improve lives.

## Mission

Pinnacle Partnerships innovates within children’s mental health systems on behalf of, and in collaboration with youth, families and their communities. Through strategic partnerships; family centered, culturally rooted, and community connected mental health services, programs, and pathways are created.

## Vision

Pinnacle Partnerships envisions a world in which the mental health infrastructure serving youth, families, and their communities are in direct alignment with both anticipated and identified needs.

## Value

At Pinnacle Partnerships we believe in being fully inclusive of families, culturally rooted, hopeful collaborative, and innovative. Pinnacle Partnerships recognizes that mental health for children and families is the cornerstone of a healthy society.
